The Tony Hibbert Prize Student Entry Form

For anonymity, please ensure that there is no reference to your name, school or supporting teacher on the submission itself.

We welcome entries from small groups from the same school (max. 2-3 members) although they do need to fit within the prize age categories (i.e. from years 7-8; years 9-11; and years 12-13) and be from the same school. We can only accept one entry per individual so students must choose if they are entering as a group or on their own, but not both.
